Englin Is Very Responsive to Area Residents

Dear Editor:

On June 14, Mount Vernon residents get to elect the Democratic nominee and likely next Delegate to Richmond [in the 45th District]. Since Republicans are unlikely to mount a challenge — it is even more important that we participate in the primary. When I decided to get involved in this

decision, I emailed each campaign asking why I should support them.

David Englin was the only candidate who gave me a detailed answer explaining why he wants the job. He wants to go to Richmond to help make housing more affordable, fix and fund education, and lower the cost of healthcare.

David impressed me because I believe our next delegate should take the time to listen to people in Mount Vernon and explain where they stand. Come June 14, I'll be voting for David Englin. Visit www.davidenglin.org for yourself. Maybe he'll impress you too.
